VOLUNTEER FIRE DEPARTMENT REPORT

Your Department was called upon for the following fires during 1961: Four chimney, several railroad and two major fires—the John Wallace camp, and the home of Mary Moore in West Grafton.

The latter call was first made to the closer Enfield Department with the Grafton truck and men arriving shortly thereafter. Regretfully, lack of water and the remoteness of the home resulted in almost total loss to an old landmark.

Despite a small appropriation, mainly to cover insurance on men and trucks, we have managed chiefly through donations and our Labor Day Supper to increase our cash on hand by over $400.00.

Our members have also volunteered their labor towards installing a hose and equipment rack on the Reo truck and insulating the Fire House, most of which work has been done.

Your continued support should help us to purchase urgently needed equipment from additional hose and fittings to a new truck.

Respectfully submitted,

C. L. GOVE, Chief

J. F. KUSTER, Sec'y.

An Appeal from Your Forest Fire Warden

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Ninety-eight per cent of our forest fires result from human carelessness — our carelessness. This, we - you - and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours,, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you—

1. Follow the Warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

SUPERINTENDENT'S REPORT

The District is facing the need for a deficiency appropriation, in spite of having a contingency fund to use for emergencies. Elementary school tuitions, and transportation, are running far ahead of what was anticipated a year ago. These variables are difficult to anticipate, as the addition of one family for tuition purposes can wreck a well planned budget. These are the same items which will largely account for the increase in the estimated budget for the coming year.

It is becoming increasingly more difficult to obtain teachers for schools like the one in East Grafton. There are many openings in larger schools for teachers in single grade classrooms, and usually for more money than the towns can afford, that new teachers will not consider working in a multi-grade school. The experienced teachers also can accept positions in larger schools, provided that they are free to move from one town to another. Perhaps this problem will be solved for the future as a result of the cooperative school study. The plans to date would seem to offer much better educational opportunities for the pupils in the area.

Respectfully submitted,

Edward H. Currier, Supt.
